- 1 I really liked this course because it was the introduction I needed for this class. I would highly recommend. 🔍
- 2 I learned so much from this class. Although the concepts are a bit complicated, if the student is up to it, I could say with confidence that they would love it. 🔍
- 3 Both professor's did a great job tackling a challenging, 5-week online course. They were efficient with time and understanding of extenuating circumstances. Great online course. 🔍

1 Very good.

Prof. Concha-Arriagada was a very nice and helpful instructor who wanted to see us succeed and cared for her students. Her lectures were fair and the content she taught was clear. I personally really enjoyed having her as my instructor and would

2 absolutely recommend her to a friend wanting to take Econ. However, she would also frequently make spelling and math errors in the lectures, problem set questions, and problem set solutions. While they were small, they caused the content to be confusing or contradictory at times.

3 Carolina was great. She really broke the material down during lecture and was more than helpful in office hours.
